How Can Congregations Support Campus Ministry?

- **Mission Support to CSIS**
  - Campus Ministries are partially supported by a line in the synod budget. So you are already a mission partner with Campus Ministry! Would you consider a special gift to the synod designated for “Campus Ministry?”
- **Donate directly to Campus Ministry Sites**
  - Our Campus ministry sites are mostly supported by congregations and alumni who graciously give to support this work with young adults in our synod. Would you or your congregation consider a gift or taking a special offering to support one of our Synod ministries? (Contact information below)
- **Serve on a Board or Committee**
  - Each Campus Ministry is supported by dedicated volunteers who serve on boards or committees. These individuals support the work of property, development, finance, and bring new ideas to help the ministries thrive in the future
- **Sponsor or cook a meal**
  - Dinner is central to our work with young adults, as people open up and connect with each other across the table. You can support this work by cooking a meal, or purchasing supplies or gift cards to help feed hungry students.
- **Refer Students**
  - Whether your young adults are staying “in-state” or moving across the country, we want to help them find community! Check out https://luminelca.org/refer-a-student/
- **Pray for Students in the midst of move-in, classes, finals**
  - College is a transitional time in the lives of Young Adults, and prayer is a great way to support them. Pray for God to draw near to them, guide them, and give them peace as they navigate young adulthood and discern where God is calling them.

St. Andrew’s (UofIL) - Pr. Jon Fry pastor@lutherancampuscenter.org
P.O. Box 2466 Champaign, IL 61825

Agape(ISU) - Pr. Matt Geerdes themovementisu@gmail.com
300 Normal Ave. Normal, IL 61761

Epiphany(SIU) - Pr. Brian Coffey pastorbrian@elcarb.org
1501 W. Chautauqua St. Carbondale, IL 62901

Pr. Matt Geerdes, Agape ISU

This year Agape at ISU has been blessed by the development of its student leaders. Students have been very active in planning, strategizing, inviting others, and building connections among the group that gathers. Several students have also been working on developing sermons to preach, and the first one preached at a recent service. It was exciting to hear their perspective and sharing their faith!

Trinity, St. Andrew's UIUC

I am thankful for our Affirming Bible Study, as someone who didn't grow up knowing much about the Bible it is a great way for me to learn and grow with my community. I also think it is meaningful that we get to collaborate with other faith/spiritual backgrounds like at the Interfaith Dinner at the YMCA.

Pr. Brian Coffey, Epiphany SIU

Campus Ministry at Southern Illinois University (SIU) is expressed primarily through the SIU Campus Ministries interfaith organization of which Epiphany Lutheran Church is a member. Activities include being invited by the University to participate in certain on-campus events to support students particularly, "welcoming" events and mental health awareness day. Epiphany members also provide household items and cold weather outerwear to the SIU International Student Center for use by international students who arrive with very few personal belongings. Late in 2024, a visitor who worships regularly at Epiphany was talking in town with an SIU student, and the student has since become an active worshipper and participant in our adult education forum.

Pr. Jon, St. Andrew's UIUC

This past Wednesday at our weekly Chat & Chow event, students stayed over an hour past our schedueld "end time", just chatting. A couple of new students had joined us for dinner, and despite a few lulls in conversation, no one made an effort to leave. Young Adults are yearning for community, for places where their voices can be heard and for where they can be their true, authentic selves. Campus Ministry creates these spaces, and invites students into a community of faith centered on God's love for this aching world!
