Welcome/Announcement

01

Today, with all the Congregations in our Synod, we are celebrating Campus Ministry Sunday. Today we lift up Agape at Illinois State University, St. Andrew's at the University of Illinois, and the ministry of Epiphany Lutheran Church in Carbondale at Southern Illinois University. These 3 ministries in our synod, and many more across the ELCA create opportunities for worship, fellowship, and growing in faith with young adults on college campuses. Today we hold these ministries and the students they serve in love, and prayerfully consider the ways we can partner with them to share God's love on campus!

Prayer of the day

02

Gracious God, today you call us to the hard work of loving our enemies and doing good to those who hate us. Give us the strength to hear this call and the courage to try. Quiet our minds, still our racing thoughts, and open our hearts to receive your living Word this day, through Jesus Christ, our Savior. Amen.

Intercessory Prayer

03

We pray for students on college campuses across our synod, that they may find love and belonging. Guide student leaders, board members, and pastors as they strive to show your abundant love on campus.
