Are you hungry for some wholesome fun? The Generosity Project will more than satisfy!

The Generosity Project Introductory Workshop is a lively, interactive experience where God's abundance collides with the joy and wisdom across the generations. The workshop unlocks the potential in any congregation to engage all ages as leaders of generosity – in the congregation and at home. As an act of generosity, a copy of The Generosity Project curriculum will be given to all congregations in attendance.

This is a cross-generational and inter-congregational education and fellowship event. Each congregation is encouraged to bring people representing three generations. Three generations could be: a dad with his dad and son or a confirmation student, pastor, and elder ... anyone born between 1920 and 2023!

Sponsored by the Northwest Conference of the C/SIS. All congregations of the C/SIS are welcome!
